

Restoration Project

Upper Image: Architects, Croft & Associates, created an artist's rendering of the west portion of the building. A green space will be added in the footprint of the removed Chapel/West Wing.

Lower Image: A new cross will be the focal point of the west side of the building. A stone wall will be added to match the wall along Roswell Street. The surface behind the cross will match the current campus architecture. This project will be funded by cash reserves, and we are hopeful for a completion date within 2024.

The Legacy Plan

The above conceptual image, created by Croft & Associates, is an artist's rendering of a potential renovation project of the Worship Center. In 2023, the church voted to remove buildings and explore ways to maximize the church facilities for ministry. The Legacy Plan Advisory Board, Trustees, and Finance Committee are working to create a proposal and potential funding plan to be presented to the church at a future date. Please pray with us as we continue to seek the Lord's guidance and direction in maximizing the facilities to support the ongoing vision of the Church.

Legacy Plan Advisory Board – Mark Ohliger, Condace Pressley, Alex Owen

Trustee Chair – Sam Donovan
Finance Chair – Bill Edmondson
Church Treasurer – Tony Patti
Executive Pastor – Joe Buckner

Trustee Vice-Chair – David Sommerman
Finance Vice-Chair – Durema Bacchus
Transitional Pastor – Dan Moran
